

## T7 Waste Exemption Registration form

# Notification of Waste Exemption

### Local Authority Pollution Prevention and Control

Pollution Prevention and Control Act, 1999

Environmental Permitting (England and Wales) Regulations 2010, SI 2010/675 (as amended)

#### Introduction

#### When to use this form

This form is for registration of a T7 (Treatment of waste bricks, tiles and concrete by crushing, grinding or reducing in size) waste exemption only. If you wish to register a T3 exemption (Treatment of waste metals and metal alloys by heating for the purposes of removing grease etc.) you should contact us for the appropriate form. All other waste exemptions must be registered with the Environment Agency.

Where a Mobile Crusher already permitted under the Environmental Permitting Regulations is used it will not normally be necessary to register a separate waste exemption.

#### Which parts of the form to fill in

You should fill in as much of the form as possible. When complete return to:

Environmental Health  
Thanet District Council  
Cecil Street  
Margate  
Kent  
CT9 1XZ

#### Other documents you may need to submit

*There are number of other documents you may need to send us with your application for surrender. Each time a request for a document is made in the form you will need to record a document reference number for the document or documents that you are submitting in the space provided on the form for this purpose. Please also mark the document(s) clearly with the reference number and the name of the installation.*

#### Copies

You do not need to send multiple copies of this form; consultation is not required to register a waste exemption.

#### If you need help and advice

We have made the form as straightforward as possible, but please get in touch with us at the local authority address given above, by phone on 01843 577422, or e-mail to [environmental.health@thanet.gov.uk](mailto:environmental.health@thanet.gov.uk) if you need any advice on how to set out the information we need.
