

Thanet District Council

Corporate Statement 2019-2023

Corporate Statement

The Council's Core Business Objectives set out the direction of travel for the Council over the next four years laying the strong foundations that will benefit, shape and grow the district.

In 2018, residents told us that clean streets, feeling safe and thriving towns were important to them and the Core Business Objectives address each of these top topics from the 2018 residents survey.

The Council is aware that the communities in Thanet are changing and there are increasing demands for local services. At the same time, the Council is also aware of the many challenges facing local people and businesses. Therefore, the Council will set its Core Business Objectives to enable it to plan for the changing needs and to meet the increasing financial challenges ahead as core government grant funding is reduced to nil.

By taking this approach, the Council's resources will be focused on what matters the most, service delivery will be strengthened and both staff and partners will be working towards a common goal of - ensuring prosperity and improved quality of life for our residents and the business community.

Having a clean and well-maintained environment remains important to us. We will be clear with our residents on what we will do and what our asks of residents are - cultivating a shared responsibility approach. Delivering a clean and accessible living environment, maintaining an emphasis on prevention but where necessary we will use an enforcement approach.

What we plan to do:
