

Help with completing your application for a scrap metal dealer's licence

If you need more help in completing the application then call your local council licensing team. They will be happy to help.

Section 1 – For everyone

This section asks if you are applying for a collector's licence or a site licence. You may only apply for one type of licence in each council area, but you can apply to run multiple sites. For instance, you could apply to run 3 sites in council A's area, and also apply to be a collector in council B's area.

A **site licence** lets you buy and sell scrap metal from a fixed location within the council area.

A **collector's licence** allows you to travel within the council area to collect scrap metal. You may not take this metal back to a site that you run within the council area in order to sell it.

Section 2 – For everyone

In order to carry on your business you may need to hold other environmental permits or licences that we should know about. For instance, if you carry waste as part of your business it is a legal requirement to register as a waste carrier. This includes transporting waste while travelling from job to job, to a storage place for disposal later, or to a waste disposal company or waste site. For more information on this, or to register call: 03708 506506 or visit: www.environment-agency.gov.uk/wastecarriers

This section also asks for details of any other scrap metal licences you hold. Please make sure you include the licence number so that we can check this against the national register.

Section 3 – For site licences

Fill out this section if you want a **site licence**. It should be filled out in the name of the person who will hold the scrap metal dealer's licence. As well as details about you and your business, we will also need details of any directors or partners involved in the business including their home address. We also need to know the address of the site or sites you want the licence for, as well as the details of each site manager responsible for that site including their home address. These details are required by law or to facilitate checks on the applicant or so that you can be contacted if there are any problems.

You and every person listed on the application form needs to submit a Basic Disclosure Certificate from Disclosure Scotland. You can apply for this certificate at <http://www.disclosurescotland.co.uk/apply/individuals/>

This is because the Home Office has decided that you and any person listed on the application need to tell the council if you have been convicted of certain crimes. Possessing a conviction may not automatically prevent you from having a licence if the offence was unrelated to being a scrap metal dealer or a long time ago, and you can convince the council that you are a suitable person.

Section 6 – Bank accounts that will be used for payments to suppliers

This section asks you for the bank details which you will use to pay people for the scrap metal you receive or sell. This is to check that you are not selling the metal for cash, which is illegal. These details will be kept securely by the council.

Section 7 – Payment

There is a fee to apply for a licence and your council will tell you how you can pay. The fee varies from council to council as it reflects their costs of processing the form and checking that people are doing what the licence requires. Applications cannot be accepted unless the correct fee has been paid.

Section 8 – Criminal convictions

This section asks you to set out any relevant convictions or enforcement activity that has been undertaken against you by the Environment Agency or Natural Resources Wales. It is an offence under the Scrap Metal Dealers Act 2013 to make or recklessly make a false statement. The information listed here will be checked against the Basic Disclosure Certificate from Disclosure Scotland that you are required to submit with the application, along with information retained by the police and the Environment Agency or Natural Resources Wales.

Section 9 – Declaration

The person who will hold the scrap metal dealer's licence needs to sign and date the declaration, as do the other people named on the form. This section also explains that the council has to share some of these details with the police, Environment Agency, or Natural Resources Wales when checking whether the applicant(s) is a suitable person to hold a licence. Some of the information will also be displayed on a public register.

If you do not agree to this use of your information then you should **not** sign the form. If you are in any doubt about what this section means then speak to your council's licensing team.
